In light of recent events involving companies house and a ex royal. We at Dennis-Academy and trustee members thought in the interest of children's wellbeing we would seek alternatives from the 'limited brand' associated with companies house. Therefore, we will operate under the guidelines of the IOC and will operate solely with HMS government with regards to on-going funding. This is in no way a prejudice to others, but for us we merely seek a different route.

We recently put a bid in for Colvestone primary school to convert into a secondary, but unfortunately failed. As soon as we have anymore updates we will put on our school website.

Kind Regards

*Dennis*  
CEO
